Dear Bridges Singapore

APPRECIATION FOR YOUR CONTRIBUTION TO Migrants We Care Campaign

On behalf of the Migrants Workers Centre (MWC), we wish to thank you for your generous donation to MWC.

Approximately 370,000 migrant work permit holders live in dormitories across the country. All the migrant workers residing in the dormitories are facing strict movement control since the implementation of circuit breaker to control the spread of Covid – 19. Because of this, we have identified key areas that the Migrant community would require assistance with – daily necessities, hygiene and protection items and ex-gratia, food and accommodation for workers displaced because of the economic downturn resulting from this unprecedented crisis.

With strong support from you, MWC is deeply grateful to have raised sufficient resources to provide masks, sanitizers and essential personal hygiene items to close to 370,000 workers in dormitories. We also provided more than 100,000 items from in-kind donations comprising dry foodstuff, canned food and drinks, clothing, UHT milk products and other supplies. Our work is not done yet, we would continue to provide essential resources that are needed to safeguard the well-being and health of these workers.

We wish to express our deepest appreciation for your act of kindness, compassion, and generosity. Thank you for your care and concern for some of the most vulnerable members of Singapore's workforce and for helping Singapore fight COVID-19.

Yours sincerely,

Bernard Menon (Mr)
Executive Director
Migrant Workers' Centre
